Road Movie Mobile Cinema provides everything you need to put on a unique cinema event, from organising the film copyright through to the projection of the film. The cinema uses the latest ultra-bright Dual-lamp DLP projection systems, combined with a high quality audio system that reproduces crystal clear dialogue and those deep bass rumbles to give that full cinema experience.

OUTDOOR CINEMA HIRE

There's nothing like watching your favorite movies outside, under the stars on a hot summers' night at a great location. Road Movies' Mobile Cinema makes this dream a reality with a full outdoor cinema system that is set-up and operated by an experienced projectionist. All you need to do is choose the film, arrange a location and promote your event. Choose from our 6m wide and 4m wide movie screens with superior sound quality to match, catering to audiences from 50-500+.

INDOOR CINEMA HIRE

Why not have a movie night for your next function? Instead of going to the cinema, let the cinema come to you. Road Movies' Mobile Cinema is ideal for fundraisers, functions and events and can be set-up wherever you like. So why not turn your local school, hall, clubrooms, library, winery or – wherever! - into a unique cinema for the night.

FILM HIRE

As a part of Road Movies' service we arrange the necessary film copyright clearance for you, so all you need to do is decide on a film. You can download film lists on our website, just click on film hire.
